**Subject:** July 2018 BCT call ST012

Carolyn and Wayne-

I apologize for the error in data presentation on the July ST012 BCT presentation. As for every BCT call/meeting, I review and approve the presentation in advance and we discuss the presentation in our weekly AF/Wood call. We will put additional QC procedures in place for both Wood and the AF for the future. Corrected figures and an explanation of the monitoring will be sent out soon.

Thanks.

Cathy
